J. M. Clark, Esq., K.C.,

Toronto.

My dear Mr. Clark:

I have heard from New York that there is to be a party of ten in the Universities' delegation. Sir Edmund Walker is very anxious to have them at his house at tea on Sunday afternoon. As Chairman of the Board of Governors he thinks that it would be desirable that they should receive this recognition on the first day of their arrival. Will you be kind enough to tell Mrs. Clark and to ask her if she will kindly to allow the provisional plan that I made with you on the street a few days ago to lapse in view of this wish of Sir Edmund Walker? With kind regards, I am,

Yours sincerely,

President.
